

NeurIPS 2026 Workshop on Trustworthy AI for Good (AI4GOOD)

Co-located with NeurIPS 2026

October 2, 2026

To Whom It May Concern,

This letter is to certify that Elias Hossain served as a Reviewer for submissions to the Workshop on Trustworthy AI for Good (AI4GOOD), to be held in Sydney, Australia, co-located with NeurIPS 2026.

Elias Hossain contributed their time and expertise to evaluate submissions in the peer review process, helping ensure the quality and rigor of the work presented at the workshop. Their reviews were instrumental in upholding the scholarly standards of the workshop, a peer-reviewed venue dedicated to research on trustworthy AI systems applied to problems of social and humanitarian importance.

Their submitted reviews covered the following workshop submissions:

- Algorithmic Taint Tracking: Attention-Based Provenance Enforcement for Secure Tool-Augmented LLMs
- Break It to Align It: Annotation-Free Medical Safety Alignment via Preference Inversion
- Auditing Selective Trust: A Pre-Deployment Benchmark and Mitigation for Trustworthy AI

We gratefully acknowledge Elias's contribution to the success of the Workshop on Trustworthy AI for Good (AI4GOOD) and confirm that their service as a reviewer is recognized by the workshop organizing committee.

Sincerely,
AI4GOOD Program Chairs
